

Tillers

EN

# BH

 **SICMA**®

# BH

The BH model is the lightest fixed tiller in the range, with low energy absorption, allowing it to be used on tractors with powers of between 10 and 35 horsepower.

It is a handy and easy to transport tiller, suitable for light use on mixed flat terrain.

**EUROCARDAN**  
 ENERGY ON THE MOVE

 Universal  
 shaft size 4

 1-speed gearbox made  
 by SICMA with conical  
 roller bearings

 Cross tube of  
 the transmission

## OPTIONAL

### Flexible clutch

In case of sudden absorption of power there are two discs that slide, thereby redistributing the forces.

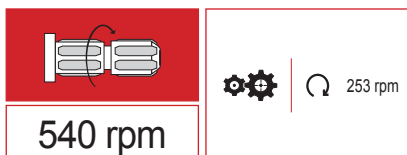

### Shear bolt

They adjust the working depth of the rotary tiller.

## TECHNICAL DATA

### Reducer speed:
